Dear Mr Collins

I refer to your application for an exemption under Part 23 of the National Gas Rules (NGR) for the GLNG Gas Transmission Pipeline, licence numbers PL 166, 167 and 168 (Qld). The AER received the application on 15 November 2017.

The AER has assessed the application and the information provided and has determined:

To grant the GLNG Gas Transmission Pipeline Category 1 and 2 exemptions.

The exemptions to expire on 13 July 2030 (the same date as the 15 year no coverage exemption provided by the Commonwealth Minister).

As set out in Rule 585(8) please notify the AER without delay if circumstances change such that the pipeline is no longer qualifies for the exemptions.

Rule 585 requires the AER to establish, publish and maintain a register of exemptions. Your application of 15 November will be published in the register.

Please do not hesitate in contacting me if I can be of any further assistance (sebastian.roberts@aer.gov.au or 03 9290 1895).

Yours sincerely
