

National Gas Rules Version 43

Status Information

This is the latest electronically available version of the National Gas Rules as at 1 March 2019.

This consolidated version of the National Gas Rules was last updated on 1 March 2019 as a result of the commencement of the following amendment:

Schedule 4 of the National Gas (Capacity Trading and Auctions) Amendment Rule 2018.

This consolidated version of the Rules reflects the initial Rules made by the SA Minister under section 294 of the NGL as amended by:

Rules made by the South Australian Minister under sections 294A to 294F of the NGL; and

Rules made by the Australian Energy Market Commission under Chapter 9, Part 3 of the NGL.

Application of the National Energy Customer Framework related Rule

On 27 June 2012, the South Australian Minister made Rules relating to the implementation of the National Energy Customer Framework (**NECF**), including amendments to the National Gas Rules under section 294C of the NGL (**NECF related Rule**). The NECF related Rule commenced operation as a law of Tasmania, the Australian Capital Territory and the Commonwealth on 1 July 2012; South Australia on 1 February 2013, New South Wales on 1 July 2013 and Queensland on 1 July 2015.

The NECF related Rule does not apply in Victoria, Western Australia or the Northern Territory until the National Energy Retail Law set out in the Schedule to the National Energy Retail Law (South Australia) Act 2011 is implemented as a law in that jurisdiction (clause 88, Part 13, Schedule 3 NGL). The NECF related Rule can be found on the Australian Energy Market Commission's website under the 'National Gas Rules', 'Rules made by the SA Minister' tabs.

Provisions in force

All provisions displayed in this consolidated version of the Rules have commenced.

Schedules 5 and 7 of the National Gas (Capacity Trading and Auctions) Amendment Rule 2018 commence operation on 1 October 2019.

TABLE OF CONTENTS

Part 1	Preliminary	1
1	Citation.....	1
2	Commencement	1
3	Interpretation.....	1
Part 2	AER to provide information, and promote informed discussion, on regulatory issues	6
4	Interpretation.....	6
5	Discussion papers on regulatory issues.....	6
6	Submissions, comments and public discussions.....	6
Part 3	Decision-making under the Law.....	7
Division 1	Preliminary	7
7	Definitions.....	7
Division 2	Decision making models	7
8	Standard consultative procedure	7
9	Expedited consultative procedure	9
9A	Extended consultative procedure	10
Division 3	Summary rejection of certain proposals.....	12
10	General power to reject non-compliant or frivolous proposals	12
Division 4	Time limits	12
11	Calculation of time.....	12
12	Power to extend time limits	13
13	Absolute time limit for full access arrangement proposal	14
14	Decisions made out of time.....	14
Part 4	Coverage	15
Division 1	Coverage determination	15
15	Application for coverage determination (Section 92(2) of the NGL).....	15
16	Making of coverage recommendation (Sections 93 and 95 of the NGL) ...	15
17	Relevant Minister's determination of the application (Section 99 of the NGL).....	16
Division 2	Coverage revocation determination	16

18 Application for coverage revocation determination (Section 102 of the NGL)..... 16

19 Making of coverage revocation recommendation (Sections 103 and 104 of the NGL) 18

20 Relevant Minister's determination of the application (Section 106(5) of the NGL)..... 18

Part 5 Competitive tendering 20

21 Application for approval of tender process as a competitive tender process 20

22 Approval of process as competitive tender process 20

23 Time limit for completion of tender process..... 21

24 Report on the conduct of the tender process 21

25 Lapse or revocation of tender approval decision 22

26 Classification of tender approval pipeline 23

27 CTP access arrangement 23

28 Notification of AEMC 24

29 Non-application of Parts 8, 9 and 10 24

Part 6 Ring fencing 25

30 Imposition of additional ring fencing requirement (Section 143 of the NGL) 25

31 Exemptions from minimum ring-fencing requirements (Section 146 of the NGL) 25

32 Approval of associate contracts etc (Sections 147 and 148 of the NGL) 26

33 Notification of associate contracts 26

Part 7 Light regulation determinations 28

Division 1 Making and effect of light regulation determinations 28

34 Application for light regulation determination (Section 112(2) of the NGL) 28

35 NCC's decision on the application (Sections 113 and 114 of the NGL)..... 29

36 Service provider must publish terms and conditions of access to light regulation services 30

37 Service provider must provide information about access negotiations for light regulation services 30

Division 2 Revocation of light regulation determinations 31

38 Application for revocation of light regulation determination (Section 118(2) of the NGL)..... 31

39 NCC's decision on application (Sections 119 and 120 of the NGL) 31

Part 8 Access arrangements 32

Division 1 AER's decisions regarding approval of access arrangement proposals 32

40 AER's discretion in decision making process regarding access arrangement proposal..... 32

41 Access arrangement proposal to be approved in its entirety or not at all ... 33

Division 2 Access arrangement information..... 33

42 General requirements for access arrangement information 33

43 Requirement to provide access arrangement information 33

44 Publication etc of access arrangement information 34

Division 3 Limited access arrangements..... 34

45 Requirements for limited access arrangement (and limited access arrangement proposal) (Section 116(2) of the NGL)..... 34

Division 4 Full access arrangements 35

46 Submission of full access arrangement proposal (Section 132 of the NGL)35

47 Voluntary submission of access arrangement proposal for full access arrangement (Section 127 of the NGL) 36

48 Requirements for full access arrangement (and full access arrangement proposal) 37

Division 5 Review and expiry of certain access arrangements 38

49 Review submission, revision commencement and expiry dates 38

50 Review of access arrangements 38

51 Acceleration of review submission date 39

52 Access arrangement revision proposal..... 39

Division 6 Division or consolidation of access arrangements..... 40

53 Access arrangement proposal for division or consolidation of access arrangements 40

Division 7 Procedure for dealing with limited access arrangement proposal..... 41

54 Application of this Division..... 41

55 Decision on limited access arrangement proposal 41

Division 8 Procedure for dealing with full access arrangement proposal 41

56 Application of this Division..... 41

57 Pre-submission conference 42

58 Notification of submission of full access arrangement proposal for approval42

59 Access arrangement draft decision 42

60 Revision of access arrangement proposal in response to draft decision 44

61 Hearing relating to access arrangement draft decision 44

62 Access arrangement final decision..... 45

Division 9 Power of the AER to make and approve its own proposal for an arrangement or revisions to an access arrangement 45

63 AER's power to make or revise access arrangement on failure by service provider to submit an access arrangement proposal 45

64 AER's power to make or revise access arrangement on refusing to approve an access arrangement proposal..... 46

Division 10 Supplementary power to vary applicable access arrangement 47

65 Application for variation of applicable access arrangement..... 47

66 Preliminary assessment of access arrangement variation proposal 47

67 Decision on access arrangement variation proposal 48

Division 11 AER's power to vary or revoke access arrangement..... 48

68 AER may vary or revoke access arrangement 48

Part 9 Price and revenue regulation..... 50

Division 1 Preliminary 50

69 Interpretation..... 50

70 Application of this Part 50

71 Assessment of compliance 50

Division 2 Access arrangement information relevant to price and revenue regulation 51

72 Specific requirements for access arrangement information relevant to price and revenue regulation 51

73 Basis on which financial information is to be provided 52

74 Forecasts and estimates..... 53

75 Inferred or derivative information 53

Division 3 Building block approach 53

76 Total revenue 53

Division 4 The Capital base..... 53

77 Opening capital base 53

78 Projected capital base..... 55

79 New capital expenditure criteria 55

80 AER's power to make advance determination with regard to future capital expenditure..... 57

81 Non-conforming capital expenditure 57

82 Capital contributions by users to new capital expenditure 57

83	Surcharges	57
84	Speculative capital expenditure account	58
85	Capital redundancy	58
86	Re-use of redundant assets	59
Division 5	Rate of return	59
87	Rate of return	59
87A	Estimated cost of corporate income tax	59
Division 6	Depreciation.....	60
88	Depreciation schedule	60
89	Depreciation criteria.....	60
90	Calculation of depreciation for rolling forward capital base from one access arrangement period to the next	61
Division 7	Operating expenditure.....	61
91	Criteria governing operating expenditure	61
Division 8	Tariffs.....	61
92	Revenue equalisation	61
93	Allocation of total revenue and costs	62
94	Tariffs – distribution pipelines	63
95	Tariffs – transmission pipelines	63
96	Prudent discounts	64
97	Mechanics of reference tariff variation	65
Division 9	Incentive mechanisms	66
98	Incentive mechanism	66
Division 10	Fixed principles	66
99	Fixed principles.....	66
Part 10	Other provisions of and concerning access arrangement	67
Division 1	General.....	67
100	General requirement for consistency	67
101	Full access arrangement to contain statement of reference services.....	67
102	Variable operation of access arrangement	67
Division 2	Specific provisions.....	67
103	Queuing requirements	67
104	Extension and expansion requirements.....	68
105	Capacity trading requirements	68

106 Change of receipt or delivery point by user..... 69

Part 11 Facilitation of, and request for, access..... 71

107 Availability of applicable access arrangement and other information..... 71

108 Information about tariffs 71

109 Prohibition of bundling of services 72

110 Information to be provided by users about unutilised contracted capacity . 72

111 Public registers of spare capacity..... 73

112 Requests for access 75

Part 12 Access disputes 77

Division 1 Preliminary 77

113 Interpretation..... 77

Division 2 Safety of operation notification..... 77

114 Safety of operation notification 77

115 Expert safety report..... 77

116 Access determination 78

Division 3 Access determinations 78

117 Past capital contributions (Section 190 of the NGL)..... 78

118 Access determination requiring expansion of capacity (Section 191 of the NGL) 78

119 Variation of applicable access arrangement to accommodate capacity expansion (Section 191 of the NGL) 79

Part 12A Gas connection for retail customers..... 81

Division 1 Definitions..... 81

119A Definitions..... 81

Division 2 Standardised offers to provide basic and standard connection services 83

Subdivision 1 Basic connection services..... 83

119B Obligation to have model standing offer to provide basic connection services 83

119C Proposed model standing offer for basic connection services 83

119D Approval of terms and conditions of model standing offer to provide basic connection services..... 84

Subdivision 2 Standard connection services..... 85

119E Standard connection services 85

119F Approval of model standing offer to provide standard connection services..... 86

Subdivision 3	Miscellaneous.....	86
119G	Amendment etc of model standing offer	86
119H	Publication of model standing offers	87
Division 3	Negotiated connection.....	87
119I	Negotiation of connection.....	87
119J	Process of negotiation	88
119K	Negotiation framework	88
119L	Fee to cover cost of negotiation.....	89
Division 4	Connection charges.....	90
119M	Connection charges criteria.....	90
119N	Nature of connection charges.....	91
119O	Payment of connection charges	91
Division 5	Application for connection service	91
Subdivision 1	Information.....	91
119P	Publication of information	91
Subdivision 2	Preliminary enquiry.....	92
119Q	Preliminary enquiry	92
Subdivision 3	Applications	93
119R	Application process.....	93
Division 6	Formation of connection contracts.....	94
Subdivision 1	Offer and acceptance – basic and standard connection services.....	94
119S	Distributor’s response to application	94
119T	Acceptance of connection offer	95
119U	Offer and acceptance – application for expedited connection.....	95
Subdivision 2	Offer and acceptance – negotiated connection.....	96
119V	Negotiated connection offer.....	96
Subdivision 3	Formation of contract.....	96
119W	Acceptance of connection offer	96
Subdivision 4	Contractual performance.....	97
119X	Carrying out connection work	97
119XX	Retailer required for energisation where new connection	97
Division 7	Dispute resolution between distributors and retail customers	97
119Y	Relevant disputes	97
119Z	Determination of dispute.....	98
119ZA	Termination of proceedings	98
Part 13	Greenfields Incentives	99
Division 1	Preliminary	99
120	Excluded infrastructure (Section 149 of the NGL).....	99

121	Pipeline description (Section 151(3) and section 160(2) of the NGL)	99
Division 2	15-year no-coverage determinations	99
122	Application for 15-year no-coverage determination (Section 151(3) of the NGL)	99
123	Recommendation on application for 15 year no-coverage determination (Sections 152 and 153 of the NGL)	101
124	Relevant Minister's determination of the application (Section 156(5) of the NGL)	101
Division 3	Price regulation exemptions.....	102
125	Application for price regulation exemption (Section 160(2) of the NGL)	102
126	How NCC deals with application for a price regulation exemption (Section 161 of the NGL).....	103
127	NCC's recommendation (Section 162 of the NGL)	104
128	Making of price regulation exemption (Section 164 of the NGL).....	104
Division 4	Limited access arrangement for international pipeline	105
129	Limited access arrangement (or limited access arrangement proposal) for international pipeline to which price regulation exemption applies (Section 168 of the NGL)	105
130	Decision on access arrangement proposal for limited access arrangement (or for variation of a limited access arrangement) for international pipeline to which a price regulation exemption applies.....	106
Part 14	Reclassification of pipelines	107
131	Reclassification application (Section 128 of the NGL)	107
132	Reclassification decision (Section 129 of the NGL).....	107
Part 15	Scheme register	108
133	Establishment and maintenance of register.....	108
134	Notification of extension or capacity expansion.....	108
135	Public availability of the register	108

153	[Intentionally left blank.]	171	
154	[Intentionally left blank.]	171	
155	[Intentionally left blank.]	171	
Subdivision 3.3	Change of operator and early registration	171	
156	Change of operator.....	171	
157	Change to facility operator group	172	
158	Early registration application.....	173	
Subdivision 3.3ARegistration of BB allocation agents and points	173	
158A	Obligation to register as BB allocation agent	173	
158B	Obligation to register BB allocation point	173	
Subdivision 3.3BCapacity trade registrations and appointments	174	
158C	Registrations for capacity transaction reporting	174	
Subdivision 3.4	Application process.....	174	
159	Applications for registration	174	
160	AEMO to register.....	174	
161	Revocation of registration.....	175	
Subdivision 3.5	BB shipper registration and contact details	176	
162	BB shipper registration	176	

163 Provision of contact details 176

Subdivision 3.6 Exemptions from Division 5..... 177

164 Availability and effect of exemptions 177

Division 4 Information standard and related obligations 177

165 Standard for information or data given under this Part or the BB Procedures 177

166 Information to be provided in accordance with the BB Procedures 179

167 Use of default values 179

Division 5 Information to be provided by BB reporting entities 180

Subdivision 5.1 Nameplate ratings and detailed facility information 180

168 Nameplate rating information 180

169 Detailed facility information for all BB facilities 181

170 Gas day start times for all BB facilities 181

170A Allocation methodology and agreement 181

Subdivision 5.2 [Intentionally left blank]..... 182

171 [Intentionally left blank.] 182

Subdivision 5.3 Pipeline and storage capacity bookings 182

172 Information about BB shippers with primary pipeline capacity 182

173 [Intentionally left blank.] 182

174 [Not used.] 182

175 12 month outlook of uncontracted primary pipeline capacity 182

176 [Intentionally left blank.] 183

177 12 month outlook of uncontracted storage capacity 183

Subdivision 5.4 Short term and medium term capacity outlooks 183

178 Short term capacity outlooks for BB facilities 183

179 Linepack/capacity adequacy indicator for all BB pipelines 183

180 [Intentionally left blank.] 184

181 Medium term capacity outlooks for BB facilities 184

Subdivision 5.5 Nominated and forecast use of storage and pipelines 184

182 Nominated and forecast use of BB storage facilities 184

183 Nominated and forecast delivery information for BB pipelines 185

184 [Intentionally left blank.] 186

185 Nominated and forecast use of production facilities 186

Subdivision 5.6 Actual production and flow data 186

186 Basis of calculation 186

187 Daily flow data for BB pipelines 187

188 Daily production and storage data 187

189 [Intentionally left blank.] 188

190 [Intentionally left blank.] 188

Subdivision 5.7 Auction service curtailment 188

190A Auction service curtailment 188

190B Daily auction service curtailment information 188

Subdivision 5.8 Capacity transaction reporting 188

190C Obligation to report 188

190D Reporting through an agent 189

190E	Reporting by the GSH Operator	189
Division 6	Other information	190
191	BB Participants may indicate spare capacity available for purchase or capacity requirements	190
192	BB participants may indicate gas available for purchase or gas requirements	190
Division 7	Publication of information by AEMO.....	190
193	Publication of information by AEMO	190
194	Publication of information provided to AEMO under Division 5	191
195	Publication of representation of actual flows.....	191
195A	Publication of capacity transaction information	192
195B	Publication of capacity auction information	192
Division 8	Access to the Bulletin Board	192
196	BB users bound by terms of use	192
197	BB user requests access to archive information (Section 222 of the NGL)	192

396	MOS period.....	358
397	MOS estimate.....	359
398	Request for MOS increase offers and MOS decrease offers	359
399	Conditions relating to MOS	359
400	Making MOS increase offers or MOS decrease offers	361
401	MOS stacks	361
402	Additional requirements for MOS stacks	362
403	Procurement or provision of MOS by AEMO	363
Division 7	Market Operations.....	365
Subdivision 1	Scheduling and pricing	365
404	AEMO to establish SPA	365
405	General requirements	365
Subdivision 2	Scheduling for the ex ante market.....	366
406	Requirement to submit ex ante offers, ex ante bids and price taker bids.....	366
407	Ex ante offers	367
408	Ex ante bids.....	368
409	Price taker bids.....	368
410	Timing of submissions of ex ante offers, ex ante bids and price taker bids.....	368
411	Confirmation by AEMO	369
412	Multiple day offers and bids	370
413	Good faith for ex ante offers, ex ante bids and price taker bids	370
414	Capacity information	370
415	Issue of schedules	371
416	Timing for issue of provisional schedules	373
417	Ex ante market schedule	374
Subdivision 3	Allocations	375
418	Ownership, risk and responsibility for gas	375
419	STTM facility allocations	376
420	Registered facility service allocations	378

421 Allocation of pipeline deviations (MOS)..... 380

422 STTM distribution system allocations 382

423 Market schedule variations 383

424 MOS allocation service costs..... 384

425 Payment of MOS allocation service costs 385

Subdivision 4 Ex post imbalance price..... 386

426 Ex post imbalance price 386

Subdivision 5 Effect of scheduling errors and dispute resolution processes 387

427 Effect of scheduling errors and dispute resolution processes 387

Subdivision 6 Administered Market States 387

428 Administered price cap state 387

429 Administered ex post pricing state..... 389

430 Market administered scheduling state..... 390

431 Market administered settlement state..... 391

432 Cumulative price threshold 392

433 Trading Participant claims in respect of application of administered market states..... 392

Division 8 Contingency Gas 393

Subdivision 1 Contingency Gas Offers and Bids 393

434 Details to be provided 393

435 Contingency gas offers 393

436 Contingency gas bids 394

437 Confirmation by AEMO 395

438 Multiple-day contingency gas offers and contingency gas bids 395

439 Good faith for contingency gas offers and contingency gas bids 396

Subdivision 2 Contingency gas trigger event..... 396

439A Application..... 396

440 Contingency gas trigger event 396

441 Notification and communication..... 397

Subdivision 2 Contingency gas trigger event..... 398

442 CG assessment conference..... 398

443 Industry conference..... 399

444 Determination of contingency gas requirement..... 399

Subdivision 3 Calling and scheduling contingency gas 401

445 Confirmation of contingency gas offers or contingency gas bids..... 401

446 Scheduling contingency gas..... 401

447 High contingency gas price..... 402

448 Low contingency gas price 403

449 Information about scheduled contingency gas..... 403

450 Scheduling errors 403

Division 9 Scheduling Errors and the Participant Compensation Fund 404

451 Establishment of the participant compensation fund..... 404

452 Funding the participant compensation fund..... 404

453 Liability for scheduling errors 405

454 Process for establishing whether a scheduling error has occurred 406

455	Compensation for scheduling errors	406
456	When an entitlement to compensation arises	407
457	Amount of compensation	407
Division 10	Market Settlement and Prudential Requirements.....	409

Division 12 Market Audit and Monitoring..... 431

495 Retention of information..... 431

496 Market audit 431

497 AEMO to report on reviewable events 432

498 AER monitoring of the STTM..... 433

Division 13 Dispute Resolution 433

499 Eligible parties 433

500 Time limits 433

Division 14 Matched allocation agreements 434

500A Matched allocation agreements..... 434

500B Exclusion of matched allocation quantities 435

**Part 21 Retail support obligations between distributors and
retailers 437**

Division 1 Application and definitions 437

501 Application of this Part 437

502 Definitions..... 437

Division 2 Billing and payment rules 438

503 Obligation to pay..... 438

504 Distributor to inform retailer of direct customer billing 438

505 Calculating distribution service charges 438

506 Statement of charges 438

507 Time and manner of payment 439

Division 3 Other general billing and payment matters 439

508 Adjustment of distribution service charges..... 439

509 Tariff reassignment 440

510 Disputed statements of charges..... 440

511 Interest..... 441

512 Notification of changes to distribution service charges 441

Division 4 Credit support required for late payment 442

513 Application of Division 4..... 442

514 Distributor may require credit support in limited circumstances..... 442

515 Retailer to provide credit support 443

516 Acceptable form of credit support 443

517 Application of credit support 444

518 Return of credit support 444

519 Other retailer obligations 444

520 Pass through of unpaid distribution service charges 444

Schedule 1 to Part 21..... 446

Schedule 2 to Part 21..... 446

Part 22 Gas Trading Exchange 448

Division 1 Preliminary 448

532 Application of this Part 448

533 Definitions..... 448

Division 2 Operator..... 448

534 Fees recoverable by AEMO..... 448

535 Appointment of Operator by AEMO 449

536 Determination of payments..... 449

536A Payments where primary facility agreement is terminated..... 450

Division 3 Membership and Participation..... 451

537 Becoming a member 451

538 Suspension and termination 451

Division 4 Exchange Agreement 452

539 Requirement for exchange agreement 452

540 Amendment of exchange agreement..... 452

541 Minimum content of exchange agreement..... 453

Division 5 Market Conduct Rules 454

542 General requirements 454

543 Conduct in relation to trading 454

543A No short selling of transportation capacity 455

544 Conduct in relation to information 456

545 AER monitoring of gas trading exchange..... 456

Part 23 Access to non-scheme pipelines 457

Division 1 Preliminary 457

546 Objective 457

547 Application..... 457

548 Structure of this Part 457

549 Definitions and interpretation 458

550 Pipeline classification 462

Division 2 Information..... 462

551 Access information standard..... 462

552 Obligation to publish information..... 463

553 Service and access information..... 465

554 Standing terms 467

555 Financial information..... 467

556 Weighted average price information..... 467

557 Financial reporting guidelines..... 468

Division 3 Access requests and negotiations..... 469

558 User access guide 469

559 Access requests 471

560 Access offer 472

561 Negotiations 473

562 Access negotiation information 474

Division 4 Arbitration of access disputes 476

563 Application of this Division..... 476

564 Access dispute notice 477

565 Reference to arbitration..... 477

566 Conduct of the parties 479

567 Statements to be provided to the arbitrator on appointment 479

568 Arbitrator to give effect to rule 562 480

569 Pricing and other principles 481

570 Matters that may be dealt with in a determination..... 482

571 Interim access determinations (NGL section 199(2))..... 484

572 Final access determinations 484

573 Effect of final access determination..... 485

574 Arbitration procedures 486

575 Experts appointed by the arbitrator – NGL section 199(1)(e)..... 487

576 Confidentiality 487

577 Conflict of interest 488

578 Termination of arbitration..... 489

579 Correction of errors..... 490

580 Costs..... 490

581 Information to be published about access determinations 491

Division 5 Scheme administrator..... 492

582	Role of the scheme administrator	492
583	Pool of arbitrators	492
584	Non-scheme pipeline arbitration guide	493

Subdivision 3.1	Exemptions	521
610	Scope of exemptions	521
611	Exemptions granted by the AER.....	522
612	Exemption conditions	524

613 Revocation 524

614 Making and form of application 525

615 Decision on application..... 525

616 Decision to vary or revoke an exemption 526

Subdivision 3.2 Registration for transaction support arrangements and the capacity auction..... 526

617 AEMO to maintain register and publish guide 526

618 Registration of transportation service providers 527

619 Obligation to register Part 24 facilities 527

620 Multiple transportation service providers for a Part 24 facility 527

621 Change of facility operator 529

622 Application for registration..... 529

623 AEMO to register applicants and their facilities..... 530

624 Revocation of registration..... 531

Division 4 Determination of zones and matters for the Capacity Transfer and Auction Procedures 531

625 Information about facility agreements 531

626 Service point specifications 531

627 Determination of zones and pipeline segments 532

628 Principles for determining zones 533

629 Transportation service point register and information about curtailment of capacity in a zone..... 534

630 Interface with the STTM and the DWGM..... 535

Division 5 Obligations of transportation service providers relating to standard OTSAs..... 535

Subdivision 5.1 Standard OTSAs and standardisation costs..... 535

631 Obligation to prepare and publish standard OTSAs 535

632 Content of standard OTSAs 536

633 Amendments to standard OTSAs..... 537

634 Recovery of standardisation costs..... 537

635 AER review of standard OTSAs..... 538

Subdivision 5.2 Entering into standard OTSAs 539

636 Requests for standard OTSAs..... 539

637 Offers for standard OTSAs 540

Division 6 Other transportation service provider obligations 542

638 Giving effect to operational transfers 542

639 Service continuity for primary service termination or suspension 543

640 Amendment of facility agreements 544

641 New facility agreements 545

642 Principles for terms to facilitate sale by operational transfer 545

643 Use of additional pipeline service points 547

644 Obligations of transportation service providers in relation to auction facilities..... 550

Part 25 Capacity Auction..... 551

Division 1 Preliminary 551

645 Objective 551

646 This Part 551

647 Definitions and interpretation 551

648 Pipeline and service classification 557

649 Information standard 558

Division 2 Capacity auction..... 559

Subdivision 2.1 Auction scope and design 559

650 Auction services 559

651 Auction service priority principles..... 559

652 Capacity auction design principles 561

653 Auction quantity limits 563

Subdivision 2.2 Facility operator obligations in relation to the capacity auction..... 566

654 Application and information 566

655 Giving effect to auction results 566

Subdivision 2.3 Capacity auction establishment and participation 567

656 Establishment and operation of the capacity auction..... 567

657 Capacity Transfer and Auction Procedures and auction agreement 568

658 Suspension and termination of an auction participant 570

659 Fees recoverable by AEMO 571

660 Auction amounts payable by auction participants 571

Division 3 Market conduct and nomination rules..... 572

Subdivision 3.1 Market conduct and nomination rules..... 572

661 General requirements 572

662 Conduct in relation to auctions 572

663 Nominations and renominations must not be false or misleading 573

Subdivision 3.2 Role of the AER..... 574

664 AER monitoring..... 574

Subdivision 3.3 Nomination, scheduling and rescheduling records..... 574

665 Facility operators to keep nomination and scheduling records..... 574

666 Renomination records for firm services and auction services 575

Division 4 Payment of capacity auction revenues 577

667 Billing period settlement amounts for facility operators 577

668 Final statements and final statement payment date..... 577

669 Settlement queries and disputes 577

670 Revised statements..... 578

671 Revised statement payment date 578

672	Payment of final and revised statements.....	579
