

Notice under National Electricity Law

The Australian Energy Market Commission (AEMC) gives notice under the National Electricity Law as follows:

Under s 102, the making of the final determination on the *Market making arrangements in the NEM* (Ref. ERC0249) proposal.

Under s 95, AEMO has requested the *Removal of disincentives to primary frequency response* (Ref. ERC0263) proposal. The proposal seeks to make changes to the NER to address perceived disincentives to generators operating their plant in a frequency response mode during normal operation. Submissions must be received by **31 October 2019**.

Under s 95, AEMO has requested the *Mandatory primary frequency response* (Ref. ERC0274) proposal. The proposal seeks to introduce a mandatory obligation for all registered generators in the National Electricity Market to help to control power system frequency. Submissions must be received by **31 October 2019**.

Under s 95, Dr Peter Sokolowski has requested the *Primary frequency response requirement* (Ref. ERC0277) proposal. The proposal seeks to make changes to the NER to improve frequency control and system security in the National electricity system. Submissions must be received by **31 October 2019**.

Under s 95, AEMO has requested the *System restart services, standards and testing* (Ref. ERC0278) proposal. The proposal seeks to deliver better System Restart Ancillary Services and restoration services and support enhanced testing of these services. Submissions must be received by **17 October 2019**.

Under s 95, AER has requested the *System restart services procedures* (Ref. ERC0281) proposal. The proposal seeks to improve communication processes relating to System Restart Ancillary Services. Submissions must be received by **17 October 2019**.

Under s 93(1)(a), the rule change requests for ERC0278 and ERC0281 have been consolidated. The consolidated request is named *System restart services, standards and testing* (Ref. ERC0278). Submissions for the consolidated request are currently open and must be received by **17 October 2019**.

Submissions can be made via the AEMC's website. Before making a submission, please review the AEMC's privacy statement on its website. Submissions should be made in accordance with the AEMC's *Guidelines for making written submissions on Rule change proposals*. The AEMC publishes all submissions on its website, subject to confidentiality.

Documents referred to above are available on the AEMC's website and are available for inspection at the AEMC's office.
