Status Information

This is the latest electronically available version of the National Gas Rules as at 31 March 2020.

This consolidated version of the National Gas Rules was last updated on 31 March 2020 as a result of the commencement of the following amendment:

Schedule 1 of the National Gas Amendment (DWGM simpler wholesale price) Rule 2020 No. 2

This consolidated version of the Rules reflects the initial Rules made by the SA Minister under section 294 of the NGL as amended by:

Rules made by the South Australian Minister under sections 294A to 294F of the NGL; and

Rules made by the Australian Energy Market Commission under Chapter 9, Part 3 of the NGL.

Application of the National Energy Customer Framework related Rule

On 27 June 2012, the South Australian Minister made Rules relating to the implementation of the National Energy Customer Framework (NECF), including amendments to the National Gas Rules under section 294C of the NGL (NECF related Rule). The NECF related Rule commenced operation as a law of Tasmania, the Australian Capital Territory and the Commonwealth on 1 July 2012; South Australia on 1 February 2013, New South Wales on 1 July 2013 and Queensland on 1 July 2015.

The NECF related Rule does not apply in Victoria, Western Australia or the Northern Territory until the National Energy Retail Law set out in the Schedule to the National Energy Retail Law (South Australia) Act 2011 is implemented as a law in that jurisdiction (clause 88, Part 13, Schedule 3 NGL). The NECF related Rule can be found on the Australian Energy Market Commission's website under the 'National Gas Rules', 'Rules made by the SA Minister' tabs.

Provisions in force

All provisions displayed in this consolidated version of the Rules have commenced. As at the date of this consolidation the Australian Energy Market Commission has made the following Rules under the National Gas Law that have not yet commenced:

Schedule 1 of the National Gas Amendment (DWGM Improvement to AMDQ regime) Rule 2020 No. 1 will commence operation on 1 January 2023.

Schedule 2 of the National Gas Amendment (DWGM simpler wholesale price) Rule 2020 No. 2 will commence operation on 1 January 2023, immediately after the commencement of Schedule 1 of the National Gas Amendment (DWGM Improvement to AMDQ regime) Rule 2020 No. 1.
# TABLE OF CONTENTS

## Part 1 Preliminary

1. Citation ........................................................................................................... 1
2. Commencement .............................................................................................. 1
3. Interpretation ............................................................................................... 1

## Part 2 AER to provide information, and promote informed discussion, on regulatory issues

4. Interpretation ................................................................................................... 5
5. Discussion papers on regulatory issues .......................................................... 5
6. Submissions, comments and public discussions ............................................. 5

## Part 3 Decision-making under the Law

### Division 1 Preliminary

7. Definitions ...................................................................................................... 7

### Division 2 Decision making models

8. Standard consultative procedure ..................................................................... 7
9. Expedited consultative procedure ................................................................. 8
9A. Extended consultative procedure ................................................................... 9

### Division 3 Summary rejection of certain proposals

10. General power to reject non-compliant or frivolous proposals ..................... 11

### Division 4 Time limits

11. Calculation of time ....................................................................................... 12
12. Power to extend time limits ........................................................................... 12
13. [Deleted] ....................................................................................................... 13
14. Decisions made out of time .......................................................................... 13

## Part 4 Coverage

### Division 1 Coverage determination

15. Application for coverage determination (Section 92(2) of the NGL) ............ 15
16. Making of coverage recommendation (Sections 93 and 95 of the NGL) ..... 15
17. Relevant Minister's determination of the application (Section 99 of the NGL) ........................................................................................................ 15

### Division 2 Coverage revocation determination

18. Application for coverage revocation determination (Section 102 of the NGL) ........................................................................................................ 16
19 Making of coverage revocation recommendation (Sections 103 and 104 of the NGL)..........................................................................................................................17
20 Relevant Minister's determination of the application (Section 106(5) of the NGL)..........................................................................................................................18

Part 5 Competitive tendering .................................................................19
21 Application for approval of tender process as a competitive tender process 19
22 Approval of process as competitive tender process...........................................19
23 Time limit for completion of tender process .................................................20
24 Report on the conduct of the tender process.................................................20
25 Lapse or revocation of tender approval decision...........................................21
26 Classification of tender approval pipeline ......................................................21
27 CTP access arrangement .............................................................................22
28 Notification of AEMC ..................................................................................22
29 Non-application of Parts 8, 9 and 10..............................................................23

Part 6 Ring fencing ....................................................................................25
30 Imposition of additional ring fencing requirement (Section 143 of the NGL). 25
31 Exemptions from minimum ring-fencing requirements (Section 146 of the NGL).........................................................................................................................25
32 Approval of associate contracts etc (Sections 147 and 148 of the NGL) .......26
33 Notification of associate contracts.................................................................26

Part 7 Light regulation determinations and information requirements ..................29
Division 1 Making and effect of light regulation determinations .........................29
34 Application for light regulation determination (Section 112(2) of the NGL) 29
35 NCC's decision on the application (Sections 113 and 114 of the NGL) ......30
Division 2 Provision of information by light regulation pipelines.........................30
35A Definitions and interpretation ....................................................................30
36 Service provider must publish terms and conditions of access to light regulation services ............................................................32
36A Access information standard .......................................................................32
36B Service provider must publish information ..................................................33
36C Service and access information for distribution pipelines .........................34
36D Financial information ....................................................................................36
36E Weighted average price information............................................................36
36F Financial reporting guidelines .................................................................37
37 Service provider must provide information about access negotiations for
light regulation services .............................................................................38

Division 3
Revocation of light regulation determinations .........................................38
38 Application for revocation of light regulation determination (Section 118(2)
of the NGL) ............................................................................................38
39 NCC's decision on application (Sections 119 and 120 of the NGL) ........39

Part 8
Access arrangements ..................................................................................41
Division 1
AER's decisions regarding approval of access arrangement
proposals .....................................................................................................41
40 [Deleted] ..................................................................................................41
41 Access arrangement proposal to be approved in its entirety or not at all.....41
Division 2
Access arrangement information .................................................................41
42 General requirements for access arrangement information .................41
43 Requirement to provide access arrangement information ....................41
44 Publication etc of access arrangement information ................................42
Division 3
Limited access arrangements .....................................................................42
45 Requirements for limited access arrangement (and limited access
arrangement proposal) (Section 116(2) of the NGL) ..............................42
Division 4
Full access arrangements ...........................................................................43
46 Submission of full access arrangement proposal (Section 132 of the NGL)43
47 Voluntary submission of access arrangement proposal for full access
arrangement (Section 127 of the NGL) .....................................................44
47A Reference services ................................................................................45
48 Requirements for full access arrangement (and full access arrangement
proposal) ....................................................................................................47
Division 5
Review and expiry of certain access arrangements ....................................48
49 Review submission, revision commencement and expiry dates ............48
50 Review of access arrangements ...............................................................49
51 Acceleration of review submission date ...............................................49
52 Access arrangement revision proposal ..................................................50
Division 6
Division or consolidation of access arrangements ....................................50
53 Access arrangement proposal for division or consolidation of access
arrangements ...............................................................................................50
Division 7
Procedure for dealing with limited access arrangement
proposal ......................................................................................................51
54 Application of this Division ..................................................................51
Division 8  Procedure for dealing with full access arrangement proposal ..........52
Division 9  Power of the AER to make and approve its own proposal for an
arrangement or revisions to an access arrangement ..................................55
Division 10 Supplementary power to vary applicable access arrangement ..........57
Division 11 AER's power to vary or revoke access arrangement ..................58
Part 9  Price and revenue regulation .........................................................59
Division 1  Preliminary .................................................................................59
Division 2 Access arrangement information relevant to price and revenue
regulation ........................................................................................................60
Division 3  Building block approach .............................................................63
76 Total revenue ...........................................................................................................63

Division 4 The Capital base ..........................................................................................64
77 Opening capital base ...............................................................................................64
78 Projected capital base .............................................................................................66
79 New capital expenditure criteria .............................................................................66
80 AER’s power to make advance determination with regard to future capital
    expenditure ..............................................................................................................67
81 Non-conforming capital expenditure ......................................................................68
82 Capital contributions by users to new capital expenditure ......................................68
83 Surcharges ...............................................................................................................68
84 Speculative capital expenditure account .................................................................69
85 Capital redundancy ................................................................................................69
86 Re-use of redundant assets ....................................................................................69

Division 5 Rate of return .............................................................................................70
87 Rate of return ...........................................................................................................70

Division 5A Estimated cost of corporate income tax ......................................................70
87A Estimated cost of corporate income tax ..................................................................70

Division 6 Depreciation ...............................................................................................70
88 Depreciation schedule .............................................................................................70
89 Depreciation criteria ................................................................................................70
90 Calculation of depreciation for rolling forward capital base from one access
    arrangement period to the next ..............................................................................71

Division 7 Operating expenditure ..................................................................................71
91 Criteria governing operating expenditure ..............................................................71

Division 8 Tariffs .........................................................................................................72
92 Revenue equalisation ..............................................................................................72
93 Allocation of total revenue and costs ........................................................................72
94 Tariffs – distribution pipelines ...............................................................................73
95 Tariffs – transmission pipelines ..............................................................................74
96 Prudent discounts ....................................................................................................74
97 Mechanics of reference tariff variation ....................................................................75

Division 9 Incentive mechanisms ................................................................................76
98 Incentive mechanism ...............................................................................................76

Division 10 Fixed principles ........................................................................................76
99 Fixed principles .......................................................................................................76
Part 10 Other provisions of and concerning access arrangement

Division 1 General
100 General requirement for consistency
101 [Deleted]
102 Variable operation of access arrangement

Division 2 Specific provisions
103 Queuing requirements
104 Extension and expansion requirements
105 Capacity trading requirements
106 Change of receipt or delivery point by user

Part 11 Facilitation of, and request for, access

Division 1 Obligations on scheme pipeline service providers
106A Inconsistency with access arrangement
107 Availability of applicable access arrangement and other information
108 Information about tariffs
109 Prohibition of bundling of services
110 Information to be provided by users about unutilised contracted capacity
111 [Deleted]
112 Requests for access

Division 2 Provision of information by full regulation distribution pipelines
112A Definitions and interpretation
112B Access information standard
112C Service provider for full regulation distribution pipelines must publish information
112D Service and access information for full regulation distribution pipelines

Division 2 Operational Transportation Service Code .................489
Subdivision 2.1 Objective and content

595 Code objective, effective date, amendment and publication

596 Content of the Code

597 Standard operational transportation services and auction services

598 Standard terms and facility specific terms

Subdivision 2.2 How the Code is amended

599 Establishment and operation of the OTS Code Panel

600 Functions of the Operational Transportation Service Code Panel

601 Code amendment proposals

602 Consultation by the OTS Panel

603 AER response to OTS Code Panel recommendations

604 Code amendments

605 Principles for making Code amendment decisions

Subdivision 2.3 OTS Code Panel membership and procedures

606 Members of the OTS Code Panel

607 Nomination, election and appointment of members

608 Obligations of OTS Code Panel members

609 Meetings of the OTS Code Panel

Division 3 Exemptions and registration

Subdivision 3.1 Exemptions

610 Scope of exemptions

611 Exemptions granted by the AER

612 Exemption conditions

613 Revocation

614 Making and form of application

615 Decision on application

616 Decision to vary or revoke an exemption

Subdivision 3.2 Registration for transaction support arrangements and the capacity auction

617 AEMO to maintain register and publish guide

618 Registration of transportation service providers

619 Obligation to register Part 24 facilities

620 Multiple transportation service providers for a Part 24 facility

621 Change of facility operator

622 Application for registration
623 AEMO to register applicants and their facilities ........................................510
624 Revocation of registration...........................................................................511
