Subject: Submission Received

The below submission has been lodged and confirmed on the AEMC Web site.

Submission Type: Market Review

Reference: Review of the regulatory framework for metering services

Organisation: individual

First Name: mike

Last Name: russell

Email: [REDACTED]

Phone Number: [REDACTED]

Comments: Victoria mandated smart meters 10 years ago - there are no current benefits from this rollout, comment and advise and, define smart meters and do the Victorian existing smart meters meet the future criteria for significant consumer benefits as proposed ?
