

# Formal commencement of claim

Ref. CRP0150

The Australian Energy Market Commission (AEMC) gives notice under the National Electricity Rules as follows:

On 22 June 2022, the AEMC received notification of a claim for compensation under clause 3.14.6 from Shell Energy Pty Ltd for Oakey Power Station following the application of the administered price cap during an administered price period in Queensland between 12 June 2022 and 15 June 2022.

Shell Energy Pty Ltd is claiming compensation for direct costs only incurred in operating Oakey Power Station during the administered price period.

Shell Energy Pty Ltd provided information in support of its claim on 3 August 2022, 7 September 2022 and 17 October 2022.

The AEMC is reasonably satisfied that it has sufficient information from Shell Energy Pty Ltd to assess the claim and has now commenced formal assessment of the claim. The timeframes provided in clauses 3.14.6(l) to (s) of the National Electricity Rules will now apply to this claim for compensation.
