Dear Ms Cook

Re: Part 23 exemption – Atlas Gas Processing Facility Pipeline

I refer to your application dated 18 June 2020 for an exemption under Part 23 of the National Gas Rules (NGR) for Atlas Gas Processing Facility Pipeline.

The AER has assessed the application and supporting information and has determined:

To grant Atlas Gas Processing Facility Pipeline a Category 2 exemption.

The exemption expires on 1 March 2024.

Jemena is exempt from the obligation to publish information under Division 2 of Part 23 with respect to Atlas Gas Processing Facility Pipeline. Jemena must still publish a user access guide in relation to Atlas Gas Processing Facility Pipeline as required by Division 3 of Part 23.

As set out in Rule 585(8) please notify the AER without delay if circumstances change such that the pipeline no longer qualifies for the exemption.

Rule 585 requires the AER to establish, publish and maintain a register of exemptions. Your application dated 18 June 2020 will be published in the register.

Please do not hesitate to contact Helen De Mamiel on [REDACTED] or at [REDACTED] we can be of any further assistance.

Yours sincerely
