Dear Mr Woodall

Exemption application – Gorgon Domgas Pipeline offshore section (TPL/24)

Your application for an exemption under Part 23 of the *National Gas Rules*, as applied in Western Australia, for the Gorgon Domgas Pipeline offshore section (TPL/24) has been assessed by the Economic Regulation Authority (ERA).

The ERA has decided to grant Category 1 and 2 exemptions for the Gorgon Domgas Pipeline offshore section. The exemptions are valid from 17 August 2023 to 17 August 2028.

The service providers of the Gorgon Domgas Pipeline offshore section are exempt from the operation of Division 3 and Division 4, and obligation to publish information under Division 2 of Part 23 of the *National Gas Rules (WA)*.

The exemptions may be varied or revoked at any time, in accordance with provisions in the *National Gas Rules (WA)*.

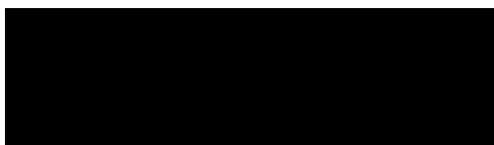

The service providers of the Gorgon Domgas Pipeline offshore section must still comply with all other provisions in the *National Gas Rules (WA)* not covered by these exemptions.

As required under Rule 585(8) of the *National Gas Rules (WA)*, please notify the ERA without delay if circumstances change such that the pipeline no longer qualifies for the exemption granted.

The ERA is required to establish, publish and maintain a register of exemptions. Your application will be published on the ERA's [website](#).

Please contact Tyson Self on 08 6557 7900 if you have any questions on this matter.

Yours sincerely

Steve Edwell
Chair
