25 March 2026  
Rainer Korte  
Reliability Panel Chair

By email: [Rainer.Korte@aemc.gov.au](mailto:Rainer.Korte@aemc.gov.au)

Dear Mr Korte,

**Request to extend the date of completion for the Compliance Template Review 2026**

The Commission acknowledges your letter, dated 19 March 2026, requesting that the Commission extend the date of completion for the *Compliance Template Review 2026* by two months.

The Commission notes that given the increased level of stakeholder engagement in this review and the related complexity of issues that the Panel needs to consider for this review the Panel is no longer able to complete the review by 25 June 2026, in line with the terms of reference issued by the Commission on 11 December 2025.

The Commission, therefore, extends the date of completion of the review by two months, to 27 August 2026. The Commission notes that the Panel does not consider this delay will result in any material issues for key stakeholders and is necessary to allow for the development of an effective revised Compliance Template.

Yours sincerely,

Anna Collyer  
Chair
