

# Notice under Section 99 National Electricity Law

## Draft Rule Determination

### Draft National Electricity Amendment (Publication of information for non-scheduled generation) Rule, 2005.

The Australian Energy Market Commission (Commission) gives notice under s.99 of the National Electricity Law (NEL) of the making of a draft Rule determination in relation to a Rule proposal by NEMMCO to allow NEMMCO to publish information in relation to non-scheduled generation.

This Rule proposal was received by NECA (the Commission's predecessor) on 6 April 2005. Under the NEL transitional provisions, consideration of this Rule proposal became the Commission's responsibility on 1 July 2005. The Commission gives notice that it has decided to dispense with the first round consultation steps under the Rule making process in respect of this Rule proposal because those steps duplicate processes already carried out under the National Electricity Code. The Commission has determined therefore to progress this Rule proposal to the stage of issuing a draft Rule determination.

The draft Rule determination, including the draft Rule, is published on the Commission's website and is available for inspection at the offices of the Commission. The Commission invites written submissions from any person or body in relation to the draft Rule. Submissions must be received by no later than Friday, 4 November 2005.

In accordance with s.101 of the NEL, any interested person or body may request the Commission to hold a hearing in relation to a draft Rule determination. A request must be received by Friday, 30 September 2005.
