

Notice under National Electricity Law

The Australian Energy Market Commission (AEMC) gives notice under the National Electricity Law of the following matters.

Under section 95, AEMO has requested the *Negative intra-regional settlements residue* Rule proposal (Project Ref. ERC0139). The proposal concerns the payment arrangements between transmission network service providers and AEMO for negative intra-regional settlements residue. The AEMC intends to expedite the Rule proposal under section 96 on the grounds that it considers the proposed Rule non-controversial, subject to the receipt of written requests not to do so.

In relation to the proposal:

- requests not to do so must be received by **16 February 2012** and may be forwarded to submissions@aemc.gov.au and must cite the Project Ref. in its title; and
- submissions must be received by **1 March 2012**.

Under section 95, Grid Australia has requested the *Cost pass through arrangements for network service providers* Rule proposal (Project Ref. ERC0137). The proposal seeks to amend the operation of the cost pass through provisions for network service providers. Submissions must be received by **1 March 2012**.

Submissions can be lodged online via the AEMC's website at www.aemc.gov.au. Before lodging your request or submission, you must review the AEMC's privacy statement on its website. Submissions should be made in accordance with the *AEMC's Guidelines for making written submissions on Rule change proposals*. The AEMC publishes all submissions on its website subject to confidentiality.

All documents in relation to the above matters are published on the AEMC's website and are available for inspection at the offices of the AEMC.
