Dear Dr Tamblyn

**REQUEST FOR A RULE CHANGE  
PRESCRIBED VALUES OF EQUITY BETA AND GAMMA**

Please find attached a Rule change proposal (Proposal) from the Energy Users Association of Australia (EUAA)

The Proposal concerns the values that are prescribed in the National Electricity Rules (Rules) for *Equity Beta* and *Gamma*. These values are set out in Chapters 6A and Appendix 1 of the Rules and are relevant to the regulated revenue collected by both Transmission Network Service Providers (TNSPs) and Distribution Network Service Providers (DNSPs).

It is our strong preference that the Rule Change, if accepted, should apply to TNSP and DNSP revenue determinations made after the commencement of the Rule change where the formal revenue-determination process has commenced prior to the commencement of the Rule change.

Please contact me if you have any queries regarding the Proposal.

Yours sincerely
