

Notice under National Gas Law

The Australian Energy Market Commission (AEMC) gives notice under the National Gas Law of the following matter.

Under section 303, AEMO has requested the *Calculation of STTM Participant Compensation Fund Contributions* Rule proposal (Project Ref. GRC0006). The proposal seeks to change the way that STTM Shippers' Participant Compensation Fund contributions are calculated such that these calculations exclude Market Operator Services (MOS) and overrun MOS. The AEMC intends to expedite the Rule proposal under section 304 on the grounds that it considers the proposed Rule is non-controversial, subject to the receipt of written objections.

In relation to the proposal:

- written objections must be received by **17 February 2011**;
- submissions must be received by **3 March 2011**; and
- written objections and submissions may be forwarded to submissions@aemc.gov.au and must cite the Project Ref. in its title.

Objections and submissions on this proposal can be forwarded to submissions@aemc.gov.au and must cite the Project Ref. in its title, or can be lodged online via the AEMC's website at www.aemc.gov.au. Before submitting your objection or submission, you must review the AEMC's privacy collection statement on its website.

Submissions should be submitted in accordance with the *AEMC's Guidelines for making written submissions on Rule change proposals*. The AEMC publishes all submissions on its website subject to a claim of confidentiality.

All documents in relation to the above matter are published on the AEMC's website and are available for inspection at the offices of the AEMC.
