

# Notice to extend time period under section 107 National Electricity Law

## National Electricity Amendment (Snowy Region Boundary) Rule 2006

The date for the receipt of submissions in relation to the above Rule proposal has been extended from 10 March 2006 to **24 March 2006**.

The Australian Energy Market Commission (Commission) has received a closely related Rule proposal (the National Electricity Amendment (Alternative Snowy Region) Rule 2006) and considers it is in the public interest to extend the time for the receipt of submissions for this Rule proposal by a further 2 weeks to allow consideration of both Rule proposals together.

Details of the Rule proposals including the proposed Rules are published on the Commission's website and are available for inspection at the offices of the Commission. The Commission's policy is to promptly publish all submissions on its website upon receipt, subject to consideration of any claim of confidentiality.

**Postal Address:**

PO Box H166  
Australia Square NSW 1215
