The Reliability Panel

***Submission on the AEMC Reliability Panel "Template for Generator Compliance Programs" issues paper of 22 January 2009***

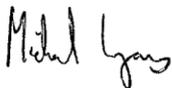

**Project reference code: "REL0032"**

Thank you for the opportunity to make a submission on the AEMC Reliability Panel's issues paper titled Template for Generator Compliance Programs.

This submission gives NEMMCO's views of the matters raised in the issues paper and highlights principles important to NEMMCO. The submission is divided into two main parts. The first portion discusses NEMMCO's requirements for the Generator Compliance Programs Template and sets forth a proposal of how these can be met, while the second section answers the specific questions raised in the issues paper.

If you have any queries on any of the matters raised in this submission please contact Norike Ganhão on (07) 3347 3901.

Yours faithfully

**Michael Lyons**  
Head of Systems Operation Planning and Performance
