**National Gas Amendment
(Removal of the Gas Bulletin Board emergency information page) Rule 2015**

Dear Mr Pierce,

AGL fully supports the AEMO proposal to remove the emergency information page from the Gas Bulletin Board for the reasons cited. We also agree with the commission's assessment that the rule change, if approved, will provide clarity with respect to emergency information and management roles and that there will be a reduction in overhead.

We have no issue with the Commission's proposal to treat this as a non-controversial rule change.

If you have any queries with respect to this submission, please contact George Foley on (03) 8633 6239 or by email at gfoley@agl.com.au.

Yours sincerely,
